

## Media Communications HOTstream solution at APOLLONIA RESORT & SPA.

**Athens, November 2010.** APOLLONIA RESORT & SPA, the newly built luxury hotel at Xi, Kefalonia, has selected Media Communications SA ([www.mcoms.com](http://www.mcoms.com)) solutions, to offer innovative entertainment and information services to their guests.

By using the **HOTstream Interactive TV** guests can watch on their television set movies on-demand from major studios, tourist guides and hotel channels and at the same time have access to hotel services like view bill.

Through **HOTstream IPTV**, guests can watch more than 40 channels from all over the world in digital quality as well as High Definition channels. For easier navigation, apart from the normal channel listing, guests can select their preferred channel based on audio language or channels genre.

Access to high speed internet is simplified as guests can connect safely and without any special settings through the user friendly HOTstream internet portal. More important, with **HOTstream Internet** services guests receive their username and password automatically through the TV of their room without contacting the reception. Furthermore MCOM has installed wireless access points for the lobby to guarantee high speed internet.

APOLLONIA RESORT & SPA has also selected **HOTstream Signage** solution to provide always up-to-date information to the guests. With the Lobby View hotel application the hotel can promote its services, events and offers and provide at the same time information on the weather, exchange rates e.t.c.
