

MCOM's HOTstream IPTV and Internet at Vounaki Beach Hotel.

Athens, June 2010. VOUNAKI BEACH HOTEL at Palairos, the newly renovated luxury hotel of Sunsail Group, has selected Media Communications SA (www.mcoms.com) solutions, to offer multiple entertainment and information services to their guests.

By using the user-friendly and multilingual user interface of MCOM's HOTstream product suite, VOUNAKI BEACH HOTEL has created a luxury bouquet of interactive hotel services, offering in parallel high speed internet access for the guest laptops and on the TV of the room.

Through HOTstream IPTV, guests can watch all satellite and terrestrial channels in digital quality up to High Definition, using the existing structured cabling of the hotel. For easier navigation, apart from the normal channel listing, guests can select their preferred channel based on the spoken language or the genre.

Access to high speed internet has never been simpler as guests can connect safely and without any special settings through the user friendly HOTstream internet portal. More important, with HOTstream Internet services guests receive their username and password automatically through the TV of their room without contacting the reception.

About Media Communications SA (MCOM)

Media Communications SA (www.mcoms.com), is one of the leading and highly specialized companies in the Europe, offering innovative services and solutions for creation, management and distribution of audiovisual content through IP networks. MCOM 's product portfolio included **HOTstream**, one of the most advanced and innovative in-room information and entertainment platform for hotels. HOTstream's extensive service list includes Interactive Pay TV services, Video on Demand, Internet, email and instant messenger services on TV, high speed internet on laptop, plus new hotel Interactive TV services.
