

Media Communications Interactive TV, Internet and Digital Signage solutions at THE MET HOTEL

Athens, December 2009. THE MET HOTEL at Thessaloniki, the new luxury hotel of Chandris Hotels and Resorts Group, has selected Media Communications SA (www.mcoms.com) solutions, to offer innovative entertainment and information services to their guests.

By using the user-friendly and multilingual environment of MCOM's HOTstream product suite, THE MET HOTEL has created a luxury bouquet of interactive hotel services, offering in parallel high speed internet on laptops and on the TV of the room, as well as digital signage services to promote the hotel in public areas.

With HOTstream Interactive TV guests can watch on their television set movies on-demand from major studios, tourist guides and hotel channels and at the same time have access to hotel services like view bill.

Access to high speed internet is simplified as guests can connect safely and without any special settings through the user friendly HOTstream internet portal. More important, with HOTstream Internet services guests receive their username and password automatically through the TV of their room without contacting the reception.

THE MET HOTEL also uses HOTstream Signage solution and the Conference and Lobby View hotel applications to provide always up-to-date information on the conferences, services and events or to promote hotel offers.

About THE MET HOTEL

THE MET HOTEL, a newly built, exquisite combination of unique location, modern architecture, high-end luxury, launches an avant-garde hospitality concept in the city of Thessaloniki.

About Media Communications SA (MCOM)

Media Communications SA (www.mcoms.com), is one of the leading and highly specialized companies in the Europe, offering innovative services and solutions for creation, management and distribution of audiovisual content through IP networks.
