

Media Communications presented at the 41st Xenia the new solutions of HOTstream™ product suite

Athens, November 2009.

Media Communications SA (www.mcoms.com) participated at the 41st Xenia and presented for the first time the new solutions that were added to the HOTstream product family (www.hotstream.eu). During the show, visitors had the opportunity to use under real hotel conditions MCOM's hospitality product suite: **HOTstream Interactive TV**, **HOTstream IPTV**, **HOTstream Internet**, **HOTstream Telephony** and **HOTstream Signage**.

At the same time MCOM introduced to the unique architecture "single IP network hospitality solutions" that allows hotels to offer entertainment, information and communication services through a single network reducing significantly the installation and management cost.

MCOM has also presented **HOTstream IPTV** solution which was selected to broadcast the television signal of the most important athletic event of winter sports that will take place this year. Broadcasting will be exclusively in high definition for the first time.

About Media Communications SA (MCOM)

Media Communications SA (www.mcoms.com), is one of the leading and highly specialized companies in the Europe, offering innovative services and solutions for creation, management and distribution of audiovisual content through IP networks. MCOM 's product portfolio included **HOTstream**, one of the most advanced and innovative in-room information and entertainment platform for hotels. HOTstream's extensive service list includes Interactive Pay TV services, Video on Demand, Internet, email and instant messenger services on TV, high speed internet on laptop, plus new hotel Interactive TV services. MCOM has also designed and developed **MEDIAstream**, an advanced platform for IPTV, Video on Demand and online movie rental services for telecom operators and internet service providers. The solution can deliver audiovisual content to a range of devices (TVs, PCs, PDAs, mobile phones), through any IP network infrastructure (xDSL, FTTx, cable, satellite, wireless, LAN).
